

That an interview with the Montgomery boys on Monday almost resulted in the need for boats. Although not wishing to be quoted, they confessed that their drive-in theater might have been finished by now, except they didn't know how to swim. If this "unusual" California weather continues, you may expect the novel and unique in sheer desperation. So determined are they to open, that they threaten to install gondolas instead of providing parking space for cars! This, we hope, will never come to pass. Some of us suffer dreadfully from mal de mer. (Seasickness to you.)

That the name for the new drive-in which is being built on Lincoln avenue, also, was an inspiration of Mrs. Dan Norland's. Looking at the natural contour of the property, it suddenly came to her that the logical name would be "Triangle." And "Triangle" it is. Mrs. Norland is a long-time friend of Mr. and Mrs. John Thomas. They were neighbors and worked together back in Michigan.

That in case you think we don't mention the national topics about which people are talking often enough, we will comment on the personality of Pilot Russell E. Schleen, major in the Air Force who flew the strato-jet bomber to Andrews field from Moses Lake air base in three and 3/4 hours. We remember that he was voted the "cadet most likely not to succeed" by fellow classmates of the Class 42-B at Minter Field. A big, strapping ex-football player from Washington state, he moved in an aura of charm and good humor, but he did the unforgetable. He got lost on his cross-country flight, the test of the airman. He took the sign which he was forced to wear on his back, "I GOT LOST!" all in his stride, though, and had as much fun as anyone. Brother Paul was an undistinguished cadet in 42-B, too. He owned a Hudson convertible country club brougham (whew!) at that time, and we can attest to the Major's ability to "fly low and fast." We made the deadline one particular night from Bakersfield to the post in seven minutes—eight cadets and one girl (to drive the car back) with seconds to spare. Schleen drove.

Weaker Sex? Not Any More

"Women should give up their seats in buses to men and should marry husbands younger than themselves because the female of the human species really constitutes the stronger sex."

Two specialists, Dr. Edward Stieglitz, a specialist on the problems of old age, and George Lawton, a consulting psychologist, set the University of Chicago Roundtable wrong-side-up last January 10, it was reported in the San Jose Daily Spartan.

Doctor Stieglitz contended that the average woman marries a man five years older than she is and who is likely to die three years before she does. He said that the average American woman spends eight years of her life as a widow.

Lawton stated that women could avoid the eight years of widowhood in two ways.

1. Women could preserve their husbands youth by babying them along. This would include giving men the seats in crowded buses and street cars.

2. It would also help if women married men younger than themselves.

CYPRESS ENTERPRISE

"A Friendly Zone To Build Your Home"

VOL. XXII—No. 17

Cypress, California, Friday, February 11, 1949

Price 5c Per Copy

Opening Of New Drive-In Is Anticipated Within Short Time

Adding to the appearance of the business district to the east of the Pacific electric tracks in Cypress is the new Triangle drive-in restaurant. With a flagstone front which allows for the display of green foliage, the cantilever type glass windows in the front afford the very latest in modern architectural design. Indirect lighting above the door and service window, together with attractive permanent awnings add to the convenience and practicability of the building.

Construction has been under the direction of the owners, Mr. and Mrs. J. D. Thomas. Formerly operators of restaurants in St. Clair, Michigan, they announce that their establishment will specialize in foods prepared in the best manner. In addition to adequate parking facilities, there will be included counter service to seat twelve customers with three tables accommodating four people each. The very latest equipment is being installed to facilitate the drive-in service.

It is hoped by the management that all will be in readiness for a formal opening within the next ten days, after the building has been inspected and other technical details are taken care of. Watch for an announcement of the opening day in an advertisement in the columns of this paper soon. Coffee and doughnuts will be served free on the opening day.

Vets Using State Aid Plan To Buy Shows Gain

Homes and farms were financed for 3605 California veterans through the low-cost state purchase plan during 1948, State Director of Veterans Affairs Lawrence C. Stephens has announced.

The figure is about one-third higher than the total of 2424 properties financed in 1947.

The 3566 homes and 39 farms purchased with state aid last year represent a state investment of \$24,233,945, as against just under \$15,000,000 advanced by the Department of Veterans Affairs the preceding year.

Throughout last year there was a generally steady month-by-month upturn in state purchases for veterans with the peak coming in November. There were 400 properties purchased that month, as contrasted with only 171 last February.

Veterans who were born in or entered service from California can get information about the State Farm and Home Purchase Plan from department offices or from county service officers or community service center directors.

Infant Son Succumbs

Friends of Mr. and Mrs. James Bryant will be grieved to know that a baby boy, born to them prematurely, lived only a few minutes.

Mrs. Bryant has been a patient at St. Mary's hospital in Long Beach where the baby arrived last Thursday evening.

Bryant is the owner of the Cypress airport east of town. The couple has a daughter, Patti, three years old.

The teen-agers in Cypress who are organizing a teen-age canteen will note that the meeting scheduled for February fifteenth in the school house has been canceled, due to a conflict of activities. Consult your officers for further information.

New Nazarene Pastor Begins Duties Here

The Reverend William D. Howard, B. D., new pastor of the Cypress Church of the Nazarene, arrived this week from Kansas City, Missouri, and Sunday morning at eleven o'clock will preach his first sermon here. He has selected as the topic of his opening message, "My prayer for you."

The Reverend Mr. Howard succeeds the Reverend Eric Jordan who left this week for Los Angeles to assume the pastorate at the Graham Church of the Nazarene there. The Reverend Mr. Howard has, for the past six months, been active in the field of Personal Evangelism, helping to

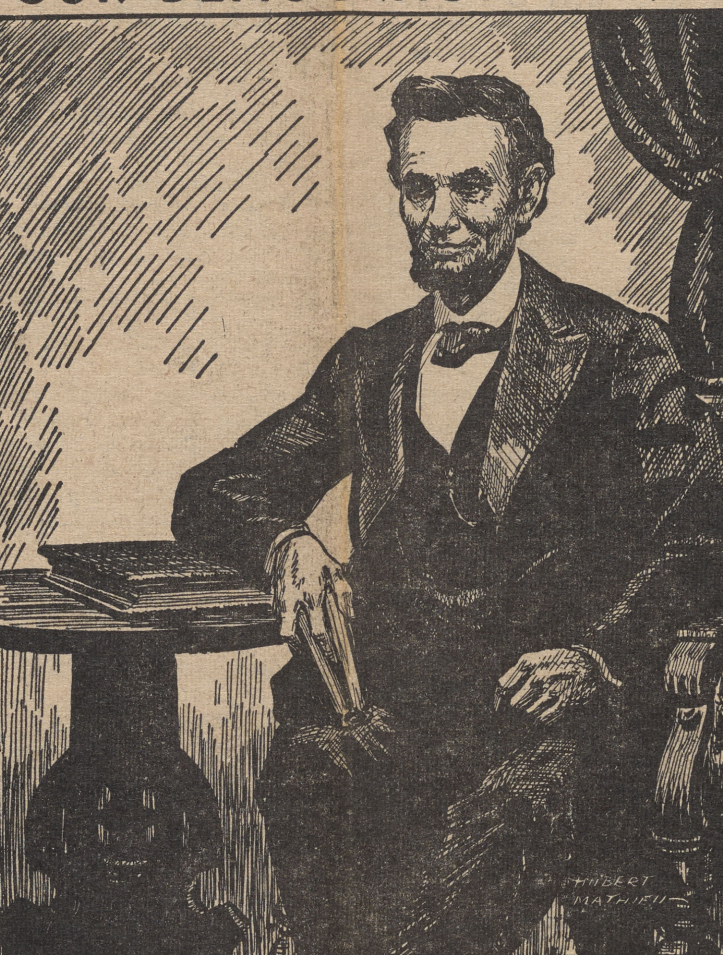

REV. W. D. HOWARD, B. D.

launch the mid-century crusade program sponsored by the Church of the Nazarene. Prior to this work he was pastor of the Fairmount Community church in Kansas City while taking his bachelor of divinity degree, and before that was pastor of the Cimarron Church of the Nazarene in western Kansas. He is a native of Missouri; was graduated from the Lamar, Colorado, high school in 1937; took his Bachelor of Arts degree at Pasadena college, Pasadena, in 1942.

In college, the Reverend Mr. Howard majored in religion and participated in various sport and literary activities. In western Kansas he served as treasurer of the Gray county Red Cross and was active in civic causes. In 1942, he married Esther Miller, daughter of Dr. Basil Miller, popular religious author.

The Reverend and Mrs. Howard have had double happiness arrive within the past two weeks. They are the proud parents of twin daughters born January 25. The girls have been named Gail Ann and Sue Ann. Mrs. Howard will arrive with the twins around the first of March.

OUR DEMOCRACY—by Mat

"The legitimate object of government is to do for a community of people whatever they need to have done, but cannot do at all, or cannot so well do for themselves in their separate and individual capacities. In all that the people individually can do as well for themselves, the government ought not to interfere."

ABRAHAM LINCOLN

Contracts Let In Buena Park

Work is expected to start this month on the first large scale construction in the park at 8th St. and Hansen road since formation of the Buena Park Park District. Started and practically completed by volunteer labor with volunteer materials under management of the Recreation Council, these contracts are the first to be let financed with tax funds.

The W. E. Sullivan Fence Co. of Anaheim was awarded the contract for constructing a 6 - foot board fence around the ball diamond. The bid of \$1.76 per foot was said to be nearly a dollar a foot less than the nearest competitive bid.

Earl Dow, Buena Park contractor, was employed to complete the grandstand and the rest rooms, concession booth and ticket booth which are planned under the grandstand. Dow had submitted bids of \$5,311 for this work but the board authorized the construction on a cost plus 5 per cent basis.

Estimates from Dow of \$12,185 to build two 60 ft. bleachers and from the county of \$1,260 for a roadway along the north and east sides of the park were accepted for action at a later date.

Estimates of \$3,638 and \$3,546 for erection of a chain link fence around the open areas of the park were taken under advisement for consideration at a later date.

Rights to the concession booth were let to H. L. (Lefty) Humbert.

Club Valentine Party Given In Van Dyke Home

The annual Valentine party and pot luck luncheon of the Cypress Community club took place Tuesday at the home of Mrs. Jake Van Dyke on Orange avenue. Hostesses were Mrs. Joe Fernandez, Mrs. Job Dennie and Mrs. Milam Williams. Table decorations and nut cups were in the Valentine motif and as each one answered roll call, she read a comic Valentine. Mrs. Arthur Collins received the prize for having the funniest one.

Mrs. Fernandez reported on the trip to the old men's ward at the Orange county hospital and stated that there are now 34 patients in the ward instead of 21. Volunteering to assist Mrs. Fernandez in making the trips for the next three months were Mrs. A. E. Arnold and Mrs. Ida Smith. The next trip will be made on February 23.

Mrs. Sarah Miller and Mrs. John Preston members of the club for many years, told of the early days of Cypress and the club.

Introduced as guests were Mrs. Gladys Young of Anaheim; Mrs. Howard Decker, Mrs. James Moss, Mrs. Frank Ferreira and Mrs. Frank Cardozo.

Mrs. Walter Nabower was winner of the mystery prize which was an autographed copy of Mother Barbour's (One Man's Family) cook book furnished by Mrs. Maybelle Dyer, a personal friend of the author.

Mystery pairs for the past year were revealed by Valentines and gifts were exchanged.

Citrus Institute Date Set For February 18

The twenty-first annual Citrus Grower's institute will be held Friday, February 18 at the Anaheim high school auditorium, according to announcement today by Farm Advisor H. E. Wahlberg. This annual classic of the citrus industry in Orange County is conducted under the auspices of the agricultural extension service and the citrus department of the Orange County Farm bureau.

The morning session, starting at 9:30 a. m., will feature authoritative speakers and topics on tree and orchard problems and an appraisal of the frost situation in Orange county. The afternoon session, starting at 1:30 p. m., will cover subjects on citrus marketing, economic trends affecting citrus and distribution costs.

A detailed program will be issued next week in this publication.

All growers and others interested are invited to attend. It is anticipated that over 1000 growers will be present, which has been the average attendance in recent years.

Ausburns Hosts To Card Club

A valentine motif was used for table appointments by Mrs. Pierce Ausburn when members of a 500 club met at the Ausburn home on a recent Saturday night.

At the conclusion of card play chaffin lemon pie with whipped cream and coffee were served.

Proving their prowess over the male members, all the prizes were won by the women. Scoring high was Mrs. Bill Watson, with Mrs. A. H. Stempel second high, Mrs. Bill Johnson third, and Mrs. Ralph Scally, fourth.

Present were Mr. and Mrs. Bill Watson of North Long Beach; Mr. and Mrs. Bill Johnson of Bellflower; Miss Elizabeth Dickerson of Anaheim; Mrs. Fern Summerfelt of Compton; Mr. and Mrs. Len White, Mr. and Mrs. Ralph Scally, Miss Velma Scally, Monte Inskeep, Mr. and Mrs. A. H. Stempel and the Ausburns.

More than 500 samples of fruit and nut varieties, unknown to California horticulture, have been imported from the Middle East for possible introduction here, by Dr. Harold P. Olmo, associate professor of viticulture at the University of California.

Guinn Wallaces Welcome Son

Mr. and Mrs. Guinn Wallace of Santa Ana are the proud parents of Danny Lee, born to them last Friday night at Saint Joseph's hospital. Just as proud of the little lad are the paternal grandparents, who reside in Cypress, Mr. and Mrs. Richard Wallace, 5662 Lincoln avenue.

The baby weighed six pounds and fifteen ounces, and the report is that mother and child are "doing just fine."

Faculty Honors Engaged Couple

Wedding plans of Miss Geraldine Perrin, first grade teacher in the Cypress elementary school, and Walter Zebrowski, a former teacher of the Cypress school who is now teaching at Palos Verdes Estates, was inspiration for a dinner party for the couple which took place in the school lunch room last Friday evening.

Following dinner, square dancing was enjoyed with Mrs. Ed Higgins and Mrs. Charles Weber at the piano, as well as square dance recordings. The couple was presented with a waffle iron and grill from the guests, who were fellow teachers, school employees and their families.

Laurel School Purchases Land

Final papers will be completed soon whereby the district of the Laurel elementary school in Los Alamitos will gain possession of more needed land for school ground expansion.

Fifteen acres from the extreme west end of his property will be bought from Frank Vessel, ranchman east of Los Alamitos, whose home is on Katella road.

Will Present "Laff It Off" On March 3, 4

Arrangements have been made by Buena Park Veterans of Foreign Wars, Post No. 8954, for the presentation in March at Grand Avenue school auditorium of the new musical stage show, "Laff It Off."

This clever production has a newspaper background and brings headlines to life as various celebrities such as Walter Winchell, Hedda Hopper, Dorothy Dix and others are impersonated.

A typical American couple, Mr. and Mrs. John Q. Public and their children, Junior and Jane furnish the continuity which holds the show together. This average family takes the typical newspaper and various scenes, including feature stories, society columns sport page and world news, are enacted as the show progresses.

This production will be managed by the same concern which so successfully produced a similar show for the Kiwanis club some years ago and which is still the subject of many a reminiscent chuckle.

Manager of Buena Park "Lynx" Elected President

Marion L. (Shorty) Hill, manager of the Buena Park Lynx, girl's softball team, was elected president of the League Board at the annual meeting of the Western States Girl's Softball League directors at Phoenix over the weekend. This is the third year the local club has seen action in this league.

Hill revealed that Orange county will have two representatives in the League this year with the Santa Ana Queens being admitted. Although they gained one new member, the league shrank to five teams as Salt Lake City was placed on an inactive basis and Monrovia withdrew entirely. Stockton was given associate membership in the group.

Good news to Buena Park fans was the announcement that the schedule will bring the national champ Phoenix Ramblers to Buena Park for a game on Home-Town Day, May 14, at the new ball diamond under construction in the 8th street park. The season starts against Fresno with a game Friday, May 13, at Ameriga Park in Fullerton. Also scheduled are home games with Detroit and Victoria, B. C.

At the present time the team is being fitted for new uniforms and early-season activity is under way designed to produce a successful year of league competition.

Hoist Mammoth Screen Into Place at Drive-In Theater Near Cypress

The 39th anniversary of the Boy Scouts of America will be celebrated by Cypress Scouts on Sunday. Dedicating a portion of his service next Sunday morning to the local troop, the Reverend Arthur King of the Baptist Church will honor the group. The boys will meet at the corner of Bishop and Watson streets at 10:45, and will march in a body to the church. They will be accompanied by VFW Post No. 9847 members John Sutphin and Earl Luty.

Holborow Home On Walker St. Scene of Party

One of the most elaborate parties of the season was given last Sunday by Mrs. A. B. Holborow. The honorees were the Holborow's two children, Marietta, six years old, and Emil, five.

Invited to the family home at 8611 Walker street the guests were greeted with decorations in the Valentine motif. Party refreshments of fancy cakes and ice cream also carried out the theme. Assisting Mrs. Holborow as hostesses were Misses Yvonne Duncan, Betty Ann Murphy, Shirley Boudreau, Peggy Flynn and Kay Kelliker.

Guests invited to participate in the affair were: Mr. and Mrs. B. Passerello, Long Beach; Mr. and Mrs. W. Breeden, Monte and Marvin, Whittier Heights; Mr. and Mrs. Jack Junker; Mr. and Mrs. H. Olney; Mrs. Hazel Dillingham of Cypress.

John and Judy Passerello, of Long Beach, Bobbie Miller, Leonard Higgins, Billie Jim Noe, Sharon and Sandra Chrestman, Charlene Lenerville, David and Marilyn Poor, Ralph and Russell Culp, Penny and Pam Dillingham, Carolyn and Michael Kelly, Frankie Silveria, Ted Kubota, Dianna, Darlene and Doreen Torrence, James and Billy Van Folken.

Timmie and Sharon Jones, Sally and David Merrill, Kenzie and Mary Lee Allen, Dolly Hathcock, Donna Jean DeWitt, Nancy Merrite, Millie Irving, David Bailey, Joyce Fleetwood, Donald and Virginia Holt, Jackie Flynn, John Paul Gaines of Long Beach, Mickey Waters, Gay Wilashin, Susanne Lukens, Beverly Silveria and Marcia Jorden.

Win A Watch In Buena Park Theme Contest

The suggestion for a theme of the annual Home Town Day parade this year which is considered by judges to be the best will bring a very choice prize, according to the parade committee. Selection of a wrist watch as the prize to the winner was made at a meeting of the committee this week. Closing date of the contest was set for March 1, giving those who wish to enter the contest less than three weeks to get their theme suggestions in.

The committee pointed out that everyone is invited to enter the contest and the only requirement is that the contest entry be sent to: Secretary, Chamber of Commerce, Buena Park, California. The parade committee will choose a board of judges who will be given only the theme suggestions without knowing the names of the entries. The winner will be announced as soon as possible after March 1, and will be entitled to either a man's or woman's wrist watch, both of which are on display at Wangrud Jewelers.

With the state celebrating its centennial and the county its 60th anniversary, the committee feels that a great many good theme suggestions will be entered.

Despite a heavy downpour of rain Monday morning, the huge screen for the new "Cine-car theatre" near Cypress was erected by a crew of workmen. A 25-ton crane with a 75 foot boom hoisted it into place.

The all-steel fabricated screen comprises an area of 1700 square feet and stands 56 feet high. This is equivalent to the height of an average six-story building. The foundation weighs over 100 tons, and the screen itself weighs approximately ten tons.

The Montgomery brothers, who are constructing the drive-in theater in this area, state that patented application is now being made on this type screen, and theater layout, the rights for which will be protected under the partnership.

Construction work has been delayed by the bad winter weather. However it is hoped that within the next six weeks the equipment will be installed and the finishing touches added so that actual operation may begin sometime around April first. An unusual "snack bar" will be a feature of the drive-in and individual car speakers will be furnished. The management is stressing the fact this theater will cater to families, and family type program subjects will be chosen to appeal to each member, so that all will be entertained.

The theater site is on Lincoln avenue, just west of Cypress airport.

(Editor's note: Apology is made for the error in these columns a few weeks ago when reporting the size of the screen. It is 1700 square feet instead of 56 square feet.)

Free Lecture At Anaheim High Monday Evening

Life in the wilderness of the Olympic mountains is the subject of the illustrated lecture scheduled for the Anaheim public forum next Monday, February 14. The film and lecture, entitled "A biotic community," will be presented by Herb and Lois Grisler.

The free program, to be given in the Anaheim high school auditorium, will begin at 7:30 p. m. Color pictures of the little-known Olympic region, and its animal life along with a sequence on fly-fishing, make up the lecture film.

Mr. and Mrs. Grisler have lived for several years in the mountain wilderness seven miles from the nearest neighbor and three miles from the nearest one-track road. Their home, winter and summer, is a moss-chinked log cabin. They spend their time fishing, raising vegetables and filming difficult and rare animal pictures.

Monday's illustrated lecture presents the best of the film sequences shot near their wilderness home.

Ona Elledge Buried Thursday

The body of Ona Clifton Elledge, son of Mr. and Mrs. Joe Elledge of south Walker street, who was killed in action in New Guinea in 1942 has been returned to the United States for final burial.

Graveside services took place on Thursday morning in the Fort Rosecrans National cemetery in San Diego.

He is survived by his parents, in Cypress, two sisters, Miss Lela Elledge, at the family home and Mrs. M. Decker of Arizona; three brothers, Claude Elledge of Long Beach, Marvin Elledge of Artesia and Joe Elledge of Cypress.

True it is that politics make strange bedfellows—Charles Dudley Marner, My Summer Garden.

CALENDAR

Organizations wishing to have meetings or special events listed in this weekly calendar are invited to contact the office of the News, Buena Park 421, with their information.

THURSDAY—FEBRUARY 10
Cypress VFW—7:30 P.M.—Schoolhouse.
Cypress P.T.A.—7:30 P.M.—Schoolhouse.

A CYPRESS "S" — SEWERS

(Editor's note: In our second issue following this paper's becoming a "home town" publication, we spoke of the four "S's." Since April 2, the subject of sewers has remained a problem in the almost one year which has passed.)

"An informed citizen will vote 'yes.'" This is the slogan chosen by the volunteer committee of one thousand in the Orange county sanitation campaign to support the vital sanitation bond election February 28, 1949.

Because of the growth in population in the county, the present joint outfall sewer is being overtaxed in its present sewage disposal facilities to the danger point in the preservation of health. As long ago as July 1, 1946, the county board of supervisors recognized the need for more adequate sewage disposal, and a board of three expert sanitation engineers was appointed to make a comprehensive study of all the considerations involved. Following its report a year later, an advisory committee representing the various tax-paying interests in the county was appointed by the board. The so-called "limited participation plan" was evolved which guaranteed to the major non-user areas in the county that their sanitation taxes would never exceed the sum of 10 or 12 cents per \$100 of assessed valuation.

It is proposed to construct what is known as a primary treatment plant near the mouth of the Santa Ana river. The outfall line will conduct the effluent into the ocean. It is planned to build this on the latest approved design, 78 inches in diameter and extending out into the ocean for a distance of 7,000 feet where it will empty at a depth of some 60 feet below the surface.

Speaking before county newspapermen in a meeting in Anaheim recently, Chairman Willis Warner of the board of supervisors pointed out that during the war engineers were not available and many times sanitation problems were overlooked. However, this deficiency has now been corrected. If the state were to step in and take over the sewers from the county, the first to go in relief of the situation would be industry. This limitation would cut the payrolls of county residents, Warner warned and with industry gone, the county would return to a sparsely inhabited rural area in all likelihood.

The seriousness of the sanitation problem in the county, and the threat of the impaired health to its inhabitants in the future if an epidemic outbreak were to occur, prompted the citizen's committee to choose as its slogan, "An informed citizen will vote 'yes'."

I RISE TO REMARK

By John Phillips

The Taft-Hartley law, as you call it, or the Labor Management Relations Act, 1947, as we call it, was passed over the President's veto by a vote of 331 to 83. On that vote, 106 Democrats voted to make the bill a law, and 71 voted to sustain the president. 225 Republicans voted to override, and 11 voted to support the veto. The 1 independent voted to support the veto.

Union leaders attacked; not all of them, but those whose power over union members would be lessened. It was called the "Slave Labor Bill," but that attack was dropped like a hot potato when it was found that union men didn't look on it as a slave labor bill.

There was more labor peace during the 80th Session than during the 79th Session, and more than is now apparent for the 81st. Union men took home a BILLION DOLLARS, in real money, more than they would have taken home, had it not been for the T-H Act, on the basis of previous labor history. The wives of union men spent that money, just like other wives.

The Act was an issue in the 1948 campaign. It was not the only issue. Claims that it was the defeating issue cannot be supported by the facts. Men who voted for it, and men who voted against it, were defeated, and elected. In a Pennsylvania special election, where the issue was the T-H Act, a Republican running on that platform won in a district strongly labor and previously Democratic, and was re-elected last November. In a Washington election, in a labor district, a Republican who had voted against it was defeated. A majority of the present House and the present Senate, voted for the bill and to override the veto. Time and again I talked with union members, from the Seaman's union to the skilled trades, and when they asked about the T-H Act, I asked in turn, "Have you read the Act?" Few had actually read it.

The T-H Act guaranteed the union member these rights: (1) the right to work; (2) the right to vote in an election to determine if union membership was to be required; (3) the right to vote on an employer's offer before striking; (4) protection of his right to strike if he so decided; (5) protection against communist leadership; (6) protection against excessive initiative fees; (7) the right to organize and to bargain collectively; (8) protection against po-

litical assessments; (9) protection against loss of work through jurisdictional strikes, and secondary boycotts; (10) the right to know how his money was spent; (11) the right to form craft unions for skilled workers; (12) protection against being sued for failure to pay union dues; (13) protection against being forced to strike against his own wishes; (14) the right to sue, in case of an illegal strike; (15) the right to express himself on union matters; (16) protection of the welfare fund, against either employers or labor leaders.

In this Congress, the committee on Education and Labor, which in the Republican Congress had 15 Republican members and 10 Democratic, now has 16 Democrats and 9 Republicans. The committee chairman is Congressman John Lesinski of Detroit. The subcommittee on the Taft-Hartley Act has 7 Democrats and 5 Republicans.

On Wednesday February 2, each member of that subcommittee received the following telegram from UECIO Local 763, Dayton, Ohio:

URGE YOU TO ACT FOR IMMEDIATE REPEAL OF TAFT-HARTLEY AND RESTORATION OF WAGNER ACT. STRONGLY FEEL NO DEBATE NECESSARY. ONE DAY'S ACTION IS SUFFICIENT. DELAY SERVES ONLY TO HAMPER OUR CONTRACT NEGOTIATIONS OPENING NOW AND TO GIVE T-H SUPPORTERS TIME TO ORGANIZE FURTHER. The Wagner Act, at the time of its repeal, was so unpopular that amendments or repeal were demanded by employers and by union leaders.

On Thursday morning, February 4, the subcommittee met and by a vote of 6 to 5, with one member absent, and WITHOUT A HEARING, voted out a bill to repeal the Taft-Hartley Act, and to reenact the Wagner Act. As this is written, the full committee has not acted on the bill.

When the Taft-Hartley Bill was originally under discussion, hearings were held for many weeks, and my recollection is that a million words of testimony were taken, from anyone who wanted to testify. Yet one member of that committee screamed to high Heaven, in the committee, on the floor, and in the corridors, that not enough time had been given people who wanted to testify; that the bill was being rushed. Who was that member? Mr. Lesinski of Detroit.

100 THINGS YOU SHOULD KNOW ABOUT COMMUNISM-EDUCATION

27. Was Marx crazy?

Perhaps. But Marx was not the first evil and crazy man to start a terrible world upheaval, nor was he the last. Hitler was like that, too, but look what he did.

28. How did anybody fall for Marx?

Some overlooked his craziness because he was one of the most effective propagandists who ever lived.

His preaching of destruction appealed especially to people who wanted to rule others and didn't know how. It still does.

29. Was Lenin one of those power seekers?

Yes. Lenin was the son of a minor government clerk. He had a terrible thirst for power.

Early in his life he read Marx, caught the idea of forming Communist cells of revolution as Marx planned them, and built a conspiracy to capture his country.

When Russia's Czarist government crashed in the war of 1914-18, it was followed by a Republic organized along the lines of our own. But before the Republic could really take hold, Lenin's Communists came out from under cover, confused the public mind by propaganda, stirred a military revolt, slaughtered all opposition and set up by force of arms a Communist dictatorship. They still have it today.

30. Did all the Russians turn Communist?

Neither then nor now. Only a few trained and disciplined favorites were or are allowed to be Communists.

For a general picture of what kind of people turn to Communism and what they DO, see the first of this series, entitled "100 Things You Should Know About Communism in the U. S. A."

31. Why do people fall for their line?

For a general picture of what kind of people turn to Communism and what they DO, see the first of this series, entitled "100 Things You Should Know About Communism in the U. S. A."

They promise all the things that people have always sought — an easier life, an end to trouble.

32. Do they deliver?

Of course not. Once they get in control, they reduce a nation to horror and slavery. Look at the record, not only in Russia but in all other countries captured by Communism.

33. How do they keep going?

The secret of Communism's drive and the real key to the Communist faith is the dream of total power for Communists, loss of power for all others. That's the story in a nutshell.

34. Where is the headquarters of Communism?

The Kremlin, Moscow, Russia.

35. Who is the head of that faith? Joseph Stalin, because he is the head of the government of Russia and chief of the Communist party of Russia. To a Communist in the United States or any other country, Stalin's word is final.

For a Communist to defy Stalin is as scandalous to other Communists as for a religious-minded person to blaspheme God.

36. Is there any proof of this?

Examine the record in Russia, Latvia, Lithuania, Estonia, Poland, Czechoslovakia, Hungary, Romania, Bulgaria, Yugoslavia, Austria, Germany, and in all other countries where Communists takes any hold.

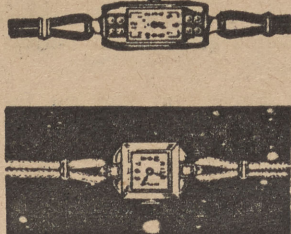

Add to it the thousands of volumes of Communist official literature collected in the Library of Congress here in Washington.

Measure against your common sense and decide for yourself. In the meantime, here following are significant highlights from that record dealing with just one side of the story, Communism's war on religion all over the world, including the United States of America.

Proceeds From Benefit Dinner To Church Fund

Final plans and arrangements are being made for the benefit roast beef dinner to be sponsored by Our Lady of Fatima society on Sunday, February 20. To be held in Portuguese hall at Twelfth and Vine streets in Artesia, proceeds will go toward the St. Pius V parish church building fund, to serve the Cypress and Buena Park areas.

Chairman in charge of the dinner is Mrs. John Godinho. She will be assisted by women of the parish. Misses Norma Sousa and Josephine Laurence will act as dining room hostesses, and will be aided by twelve waitresses. Games chairman are Frank Cardoza and Mrs. Joseph Oedermark, with a committee to help, and entertainment will be furnished throughout the dinner hour by Misses Betty Lawrence and Mary De Mello, accordionists. They will play selected numbers.

In the evening following the benefit dinner, a free dance will be held. During the intermission articles to be donated will be auctioned off to the highest bidder.

Price of the dinner for adults is \$1.25 and for children, 75c.

Leave - Taking Not Easy For Busy Pastor

The Reverend Eric Jorden and family left on Thursday for their new home at 8762 Prince avenue, Los Angeles, but not without keeping up with a busy schedule to the last moment.

The members of the congregation of the Church of the Nazarene feted the Jordens with a farewell in the form of a family church supper last Thursday. Mrs. Percy Coffman, of Walker street, was in charge of all arrangements.

On Wednesday evening, the Reverend Mr. Jorden was guest speaker at the Santa Ana Church of the Nazarene, which was observing "Youth Week", celebrated in most churches the week before. He chose as his topic, "Keep thyself pure," from the text, First Tim-

othy 5:22. A different minister spoke during the series of youth meetings on each evening of the week.

Many friends of the pastor and his family were hosts to them at luncheons and dinners in their homes during the days preceding the Jorden's departure.

ST. PIUS V LADIES GUILD LAYS PLANS
The Ladies Guild of St. Pius V parish held their Monday meeting at the home of Mrs. Bernard Burns on Franklin street, Buena Park last Wednesday, February 2.

Plans for a bingo party to be held at the Woman's clubhouse on February 10, and for a dinner sponsored by the St. Pius parish on February 20 were discussed.

Mrs. Fontner, president, presided, and Mrs. Homer Vessels served refreshments.

School To Be Closed

Students and teachers will be given a holiday on Monday and Tuesday, February 21 and 22. This will allow for a long, four-day week-end. The extra day is given during this week, instead of taking the February 12 legal holiday in the preceding week, and thus splitting the school's attendance program. The school officials of Orange county have arranged this schedule on a county-wide basis.

YALE PROFESSOR IS GUEST SPEAKER

Miss Elizabeth Dickerson, district superintendent of the Cypress elementary school, attended a joint meeting of school administrators held at the community center clubhouse lounge in Santa Ana last Monday. At the noon luncheon, the administrative group listened to Dr. Clyde Hill professor of Education at Yale University, as he discussed the subject, "The school administrator and his importance in the instructional program."

At four o'clock that afternoon, Dr. Hill was again guest speaker, this time appearing in the Santa Ana senior high school's Little Theatre, before the same group, in addition to the teaching staff. His topic was, then, "The school teacher and the improvement of instruction."

Two Wyoming "Eskimos" Send Greetings Here

(Editor's note: The following letter was received by the Stan Dorr's. It will be interesting reading to the many friends of Mr. and Mrs. Campbell. Al was a barber in Cypress and he and his wife are well-remembered here.)

"Frigid north"
P.O. Box 658
Rock Springs, Wyo.

My good friends:
No, I haven't forgotten you. The cold days and nights give you time to think this week—three straight nights it was 26, 29 and 32 below zero. Warmed up tonight only 16 below—worst winter since 1896.

We are living in our trailer and really, we can keep warm, though we have to keep the fire going. We got a new stove in the trailer when we were home—a "buddy" stove—and it does the job. Yes, I often think of all you people but we gave everything in this battery business and my franchise is Wyoming, so here is where I've got to try and get it back. We got a Sinclair service station. I call it "Campbell's service and home" of the Wyoming battery works. So now you have an address, things are very quiet, though I really think we are going to do okay. It looks better now.

Stan, if they still publish the "Cypress Enterprise", tell her to send it to Al Campbell, P.O. Box 658, Rock Springs, Wyoming. Send me the bill and will send a check. Population 12,000, altitude 6,250 feet and colder than h— Give regards to all, your friends, Al and Anna Campbell.

Stan, if they still publish the "Cypress Enterprise", tell her to send it to Al Campbell, P.O. Box 658, Rock Springs, Wyoming. Send me the bill and will send a check. Population 12,000, altitude 6,250 feet and colder than h— Give regards to all, your friends, Al and Anna Campbell.

P.T.A. PLANNING FOR CARD PARTY

The monthly card party, sponsored by the P.T.A., will be held in the school utility room on Monday evening, February 14. Mrs. Howard Decker and Mrs. Vic Koenig are the hostesses in charge of the affair.

The attendance is not limited to P.T.A. members, and the public is cordially invited to attend this social event planned for all of the residents in the community. Tickets may be obtained in advance from either of the hostess committee, or from Mrs. Jack Junker or Mrs. A. B. Holborow, co-chairmen of the card party committee.

Girl Killed In Sunday Crash

A six-year-old girl was killed and five other persons were hurt, two of them seriously, in a crash Sunday afternoon at La Palma and Hansen road.

Beatrice Bajema was killed when the car in which she was riding, driven by her father, Dave Bajema, 59, of Artesia, crashed with one driven by James E. Bacon 39, of 7762 S. Grand avenue, Buena Park, at 4 p.m. Sunday.

The girl's mother, Mrs. Rena Bajema, 43, and Bacon suffered major injuries and were taken to Fullerton General Hospital by Crane Ambulance. Mrs. Virginia Bacon, 39, Bajema and his two daughters, Gertrude, 13, and Juliana 10, were slightly hurt.

Bacon was later removed to Long Beach Naval hospital and at last reports his progress was considered satisfactory.

PICK YOUR PARTY

If you love parties, February is your month. Three different holidays will be observed during the month, giving those of us who adore party "fuss" and festivities every excuse in the world for giving a party!

Hospitality at home has an intangible warmth added to any kind of refreshments served to guests by a gracious hostess—A Cup of Kindness. Decorations will vary, of course, according to the occasion. Food should be good no matter how much or how little you serve, how fancy or simple it is.

Whatever you decide on, you'll do as much preparation in advance as possible. There will be no hurried last minutes for the hostess who plans her party strategy and carries it out to the very last detail.

RAINBOW SANDWICH LOAF

Spread No. 1
1 3-oz. package Philadelphia cream cheese
2 Tbsp. milk
Speck of salt
1/4 C. minced parsley
Green coloring

Spread No. 2
1/2 C. Peanut Butter
4 Tbsp. salad dressing

Spread No. 3
2 3-oz. cans Deviled Ham
1 tsp. prepared horseradish
2 Tbsp. pickle relish
Salad dressing to moisten
1 large loaf day-old bread, unsliced

1 lb. butter, softened for spreading

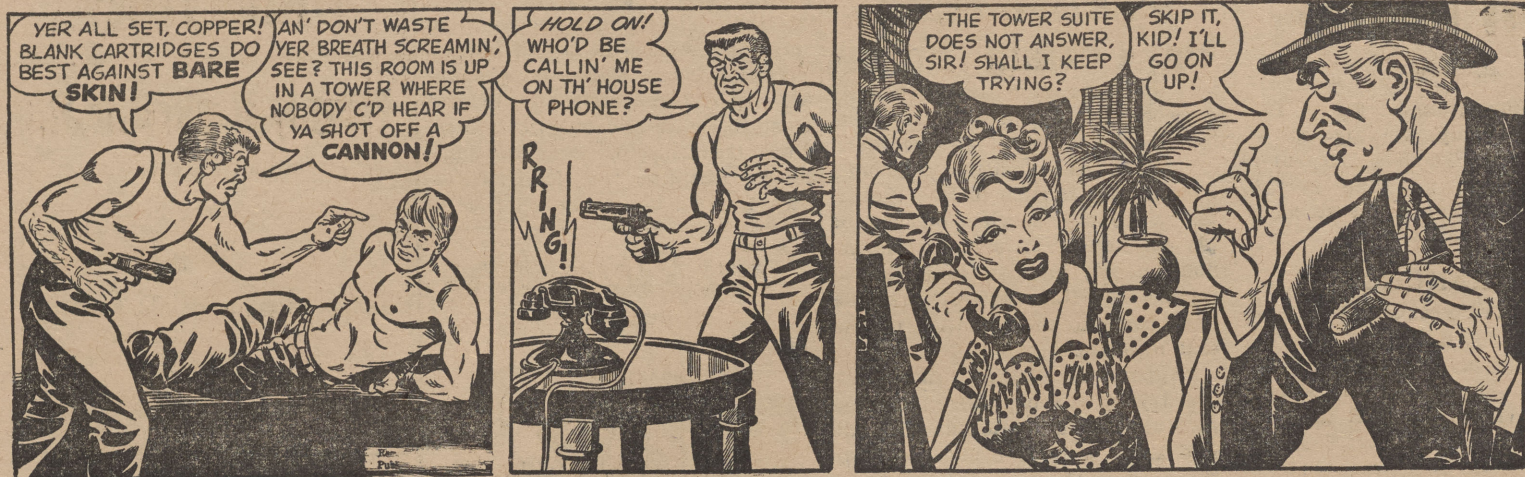

3 3-oz. packages Philadelphia Cream Cheese

Prepare each of three separate sandwich fillings by combining ingredients listed above. Remove crusts from bread. Cut in 4 slices the length of loaf. Spread each buttered slice with a different filling; then place slices together to reform the loaf. Fasten with toothpicks, if necessary. Wrap in damp cloth and cover with waxed paper.

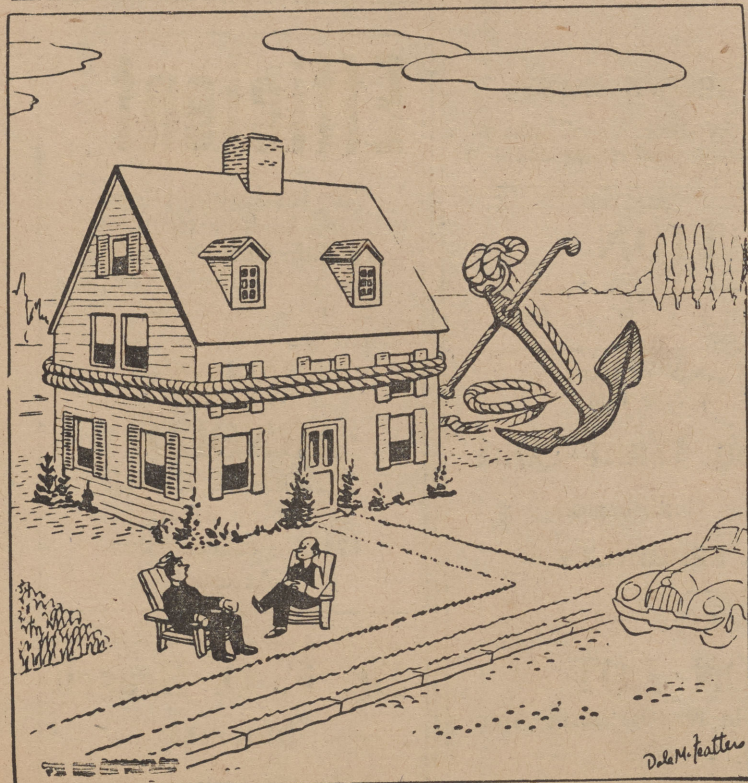

Store in the refrigerator two hours or more. Before serving, frost with softened cream cheese and garnish.

Soak gelatin in cold milk; scald remaining milk; beat eggs until lemon-colored. Mix sugar, salt, and vanilla with eggs; slowly add hot milk to egg mixture; add soaked gelatin. Chill. Whip cream; fold into chilled mixture. Pour into chilled freezer tray. When almost frozen, place in chilled bowl; beat well. Return to freezing tray; freeze until firm.

THESE WOMEN! By d'Alessio

CYPRESS LOCALS

Mr. and Mrs. Stan Doerr celebrated their twenty-second wedding anniversary on February fourth. This year the date fell on Friday, which was also the day in the week on which they were married.

Members of the VFW post 9847 and the boy scouts will note on the weekly calendar that meetings are now being held in the school house instead of in the scout cabin to the rear of the grounds as has been the custom.

The Barnett house, at Bishop and Grindlay, has been remodeled and renovated by the new owner, Jake Van Dyke. Many improvements have been made and the house presents an attractive exterior.

Cypress volunteer firemen will be hosts next Thursday evening in the new fire station to the Associated Fire Chiefs at their regular monthly meeting. A special program is being planned, and it is expected that there will be several out-of-town guests present from nearby metropolitan centers.

E. V. Corby, 5542 Karen street, has improved the value of his property recently with the construction of a double garage, 20 x 24. A wash tray and drain have been included.

Dinner guests in the Glenn Hubbard home, 8121 Miller road, last Saturday evening were Mr. and Mrs. Erving Forst and Joanne.

Figures released on January 29 from the state department of social welfare in Sacramento, show Orange county as having 486 applications pending. Applications received during the week ending the twenty-ninth numbered 115, and there were 112 the previous week.

The baby daughter born to the K. D. Tillema's last week has been named Betty Lou.

Mr. and Mrs. James A. Mitchell and family moved recently from the trailer court west of town to 330 East Francis Street, in La Habra. Gus Ehrig helped them on Saturday by transporting their trailer with his car. The Mitchell's have a new automobile, in addition to finding an apartment, since they left Cypress and it was not equipped to pull the trailer.

Mr. and Mrs. E. O. Cilley of Oceanside, spent last week-end in the home of their son-in-law and daughter, Mr. and Mrs. G. W. (Nebb) Milbourn and family, 6372 east Orange avenue. On Saturday evening they attended a good fellowship district meeting of the Rebekah lodge in Long Beach.

Baby Richard Warde, son of Mr. and Mrs. Charles J. Elekes, 8802 Walker street, who was seriously ill last week, passed the crisis successfully and is gaining rapidly.

Mr. and Mrs. James J. Chisholm moved their trailer house on Thursday to Los Angeles. The Chisholms had only just arrived from Boston when he became managing editor of the Enterprise in November, which position he held until recently. The Chisholms have been active in community affairs and their many friends will be sorry to see them leave Cypress.

Mr. and Mrs. Dick Mosey, former Cypress residents, who have been the house guests of Mr. and Mrs. Merton Jones, left on Friday for their home in Mojave.

Where To Go What To See In California

(Continued from last week)

February 6, 13, 27

Newport Balboa Invitational for Dinghies—All classes of dinghies compete for the Phelps-Terkel Trophy in Newport-Balboa harbor.

February 11-12
Inglewood Chinchilla Show—Approximately 300 chinchillas, valued at \$1200 a pair are displayed at the Sixth Annual Chinchilla show, to be held this year in the new clubhouse of the Hollywood Park Turf club at Inglewood. Traveling by air, the animals come from all of the Pacific states and as far east as Missouri.

February 25-27 (changed date)
Glendale Camellia Show—Delicate pink, white, and salmon camellias, all grown in southern California, are exhibited in the Civic auditorium of Glendale. The show honors Father Kamel, who 200 years ago brought the camellia from the Orient.

February 18-22
Riverside County Fair and National Date Festival—Townpeople of Indio wear costumes of the Near East and compete in camel races. The "Arabian Nights Pageant" is presented nightly on a \$25,000 Arabian stage. Among the

exhibits are dates and citrus. The festival celebrates the harvest of dates.

February 19-20

San Diego Camellia Show—New and rare varieties of stardust, WHERE TO GO—Continued rose, and white camellias are among the displays at the second annual Camellia show in Balboa Park, San Diego.

February 22
San Diego Yacht Regatta—Washington's Birthday Regatta is held in San Diego Bay. Approximately 40 sailing vessels compete for the southwestern yacht club trophy.

February 26-27
San Diego Glider Soaring—Third Annual Pacific Coast Mid-winter Soaring Championships for gliders are held at Torrey Pines Mesa at San Diego. Nearly 35 sailplanes compete in events which include duration, spotlanding, altitude, etc.

February 26-March 6
California Mid-Winter Fair—The town of Imperial celebrates the harvest of crops grown in this fertile winter gardenland. Townpeople dress as 49'ers, amid backgrounds representing the California Centennial. Agriculture, horticulture, poultry, and livestock are displayed. Thoroughbred and sulky races are held.

February 27 (tent.)
San Diego and Imperial Counties Open Ski Meet—Event includes both down-hill and slalom skiing, with residents of the two counties competing. The meet is held at Cuyamaca Rancho State Park.

Los Alamitos

Mrs. Frank J. Watte, Phone L. B. 35348

Mr. and Mrs. Albert Phillips, on leaving Los Alamitos, have made their home at 3540 Denver street, Long Beach.

Mr. and Mrs. Paul E. Davis have purchased and moved into a new home at 5022 Brayton, Long Beach.

New residents in Long's Trailer court are the Joseph Otte family. The parents and their two children are ensconced in a beautiful chrome three room trailer. The older child, Kenny Otte, is the boy who won the movie screen test recently.

John C. Daly, age 85, died January 25 in Los Angeles. His funeral mass was said by one of his sons, the Reverend J. L. Daly, at the Holy Family church in Pasadena. Mrs. Mary Daly has been a long-time resident of Los Alamitos. Burial was in Calvary cemetery. He leaves his wife and six children.

Members of the St. Isidore's committee for the Youth Educators fund attended a large rally of all workers of the Long Beach area in St. Anthony's hall Thursday. The drive begins officially February 14.

Mrs. Russell Pres, now residing in the Carmelita's project in Long Beach, had a baby boy at the naval hospital, February third.

Emile Watte is now stationed at Hamilton field for three to six weeks. Following training there he will leave for 32 months with the German air lift.

Benefit Race At Vessels Ranch

Frank Vessel is donating the use of his popular race track on his ranch on Katella road on May 12, according to tentative plans, to the quarter horse association. A new infield arena has been added which will allow for cowboy activities such as cattle roping, etc., between races. This will be an added attraction to a program already filled with fun and entertainment for the pleasure of his patrons.

Public Invited To Bring A Box To Legion Social

When the Los Alamitos post of the American Legion holds its "Box Social" guests are invited, so long as they bring a box of food to be auctioned. Fun and entertainment will be provided at this old-fashioned "box supper." The social will be held Monday evening, and a television set will be given away following the auction.

PARKER BABY BORN IN TEXAS

A baby boy was born January 25, to Mrs. Angelina D. Parker, wife of William C. Parker, aviation electronicsman, second class, USN, of Route 1, Los Alamitos, at the Naval hospital, Corpus Christi, Texas. The baby has been named Louis Howard. The baby's father is serving at the naval air station, Corpus Christi, Texas.

ALAMO RANCHO RESIDENTS HOLD SECOND MEETING

Residents of Alamo Rancho homes tract here now are incorporating a civic group under the name of "The Alamo Property Owners Association of Los Alamitos."

The group sprang into life after the freeze a month ago in order to demand more heat in their homes and also to complain about poor drainage and cesspools falling in to the ground. At their second meeting, Monday night, they heard Franklin Hall, construction superintendent of Alamo development company, congratulate them on the thorough yet "reasonable" manner in which they screened complaints and passed them on to his company and promised to cooperate with the group in every way. Frederick Wooster of the concern which supplied the heaters reported that his company would regulate the devices to put out the required amount of heat. A report that Orange county highway department would alter curbs to provide better drainage of streets was read.

Cesspools are to be replaced when they fail, at least until sewers are available and it was pointed out to the group that votes for the sewer bonds on February 25 will help assure construction of the sewers.

Cesspools are to be replaced when they fail, at least until sewers are available and it was pointed out to the group that votes for the sewer bonds on February 25 will help assure construction of the sewers.

Members To Planning Group Named By C of C

A planning and development committee which will attend meetings of the Associated Chamber of Commerce committee as well as working on local plans has been appointed by the Los Alamitos Chamber of Commerce.

The group includes two residents of the Alamo Rancho homes tract, with Sidney Rutherford as chairman and Harley Peck the other representative from that area. Third member is A. B. Brown long time civic worker here. The group will check with Planning director Charles H. Diggs as to why no provision has been made here for heavy industry and will invite Diggs to address the chamber at its March third meeting, Mrs. Grace Johnson, secretary, said. President Jimmy Lynch also appointed a refreshment committee including Mmes. Joseph Hammen, Ronald Crane, Charles Homelock and Ray Pults, and an entertainment committee, Mmes. August La Bourdette and Lea Randolph.

County Officer Warns Veterans On Certain Forms

If any veteran is approached by someone offering to sell him forms for the collection of GI insurance dividends, the matter should be reported at once to Ben Lieberman, county service officer, or his assistants. In making this announcement, he said that several reports of this type of swindle have come to the attention of federal officials.

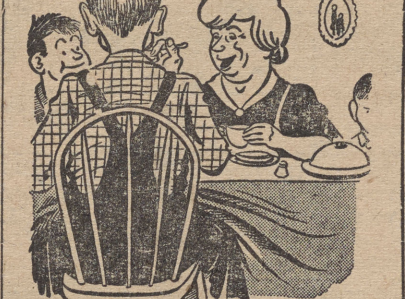

"Apparently these racketeers are trying to capitalize on the fact that some veterans still do not know that it costs them nothing to apply for federal benefits," Lieberman commented. "The last instance we had of this sort of thing was in connection with prisoner-of-war rations payment."

He emphasized that the scheduled National Service Life Insurance dividend is still at least several months away, and that when it is ready to be paid the government will issue forms for the purpose. He again urged veterans

not to write to the Veterans Administration about dividend payments, because the job of answering such letters only serves to delay the issuance of the dividends. Veterans or their dependents with questions about any federal or state rights and benefits are invited to consult the Orange county service office at 225 North Broadway, Santa Ana, phone KI 2-35-16.
